

# YELLOW RIVER WATER ~ TRAIL

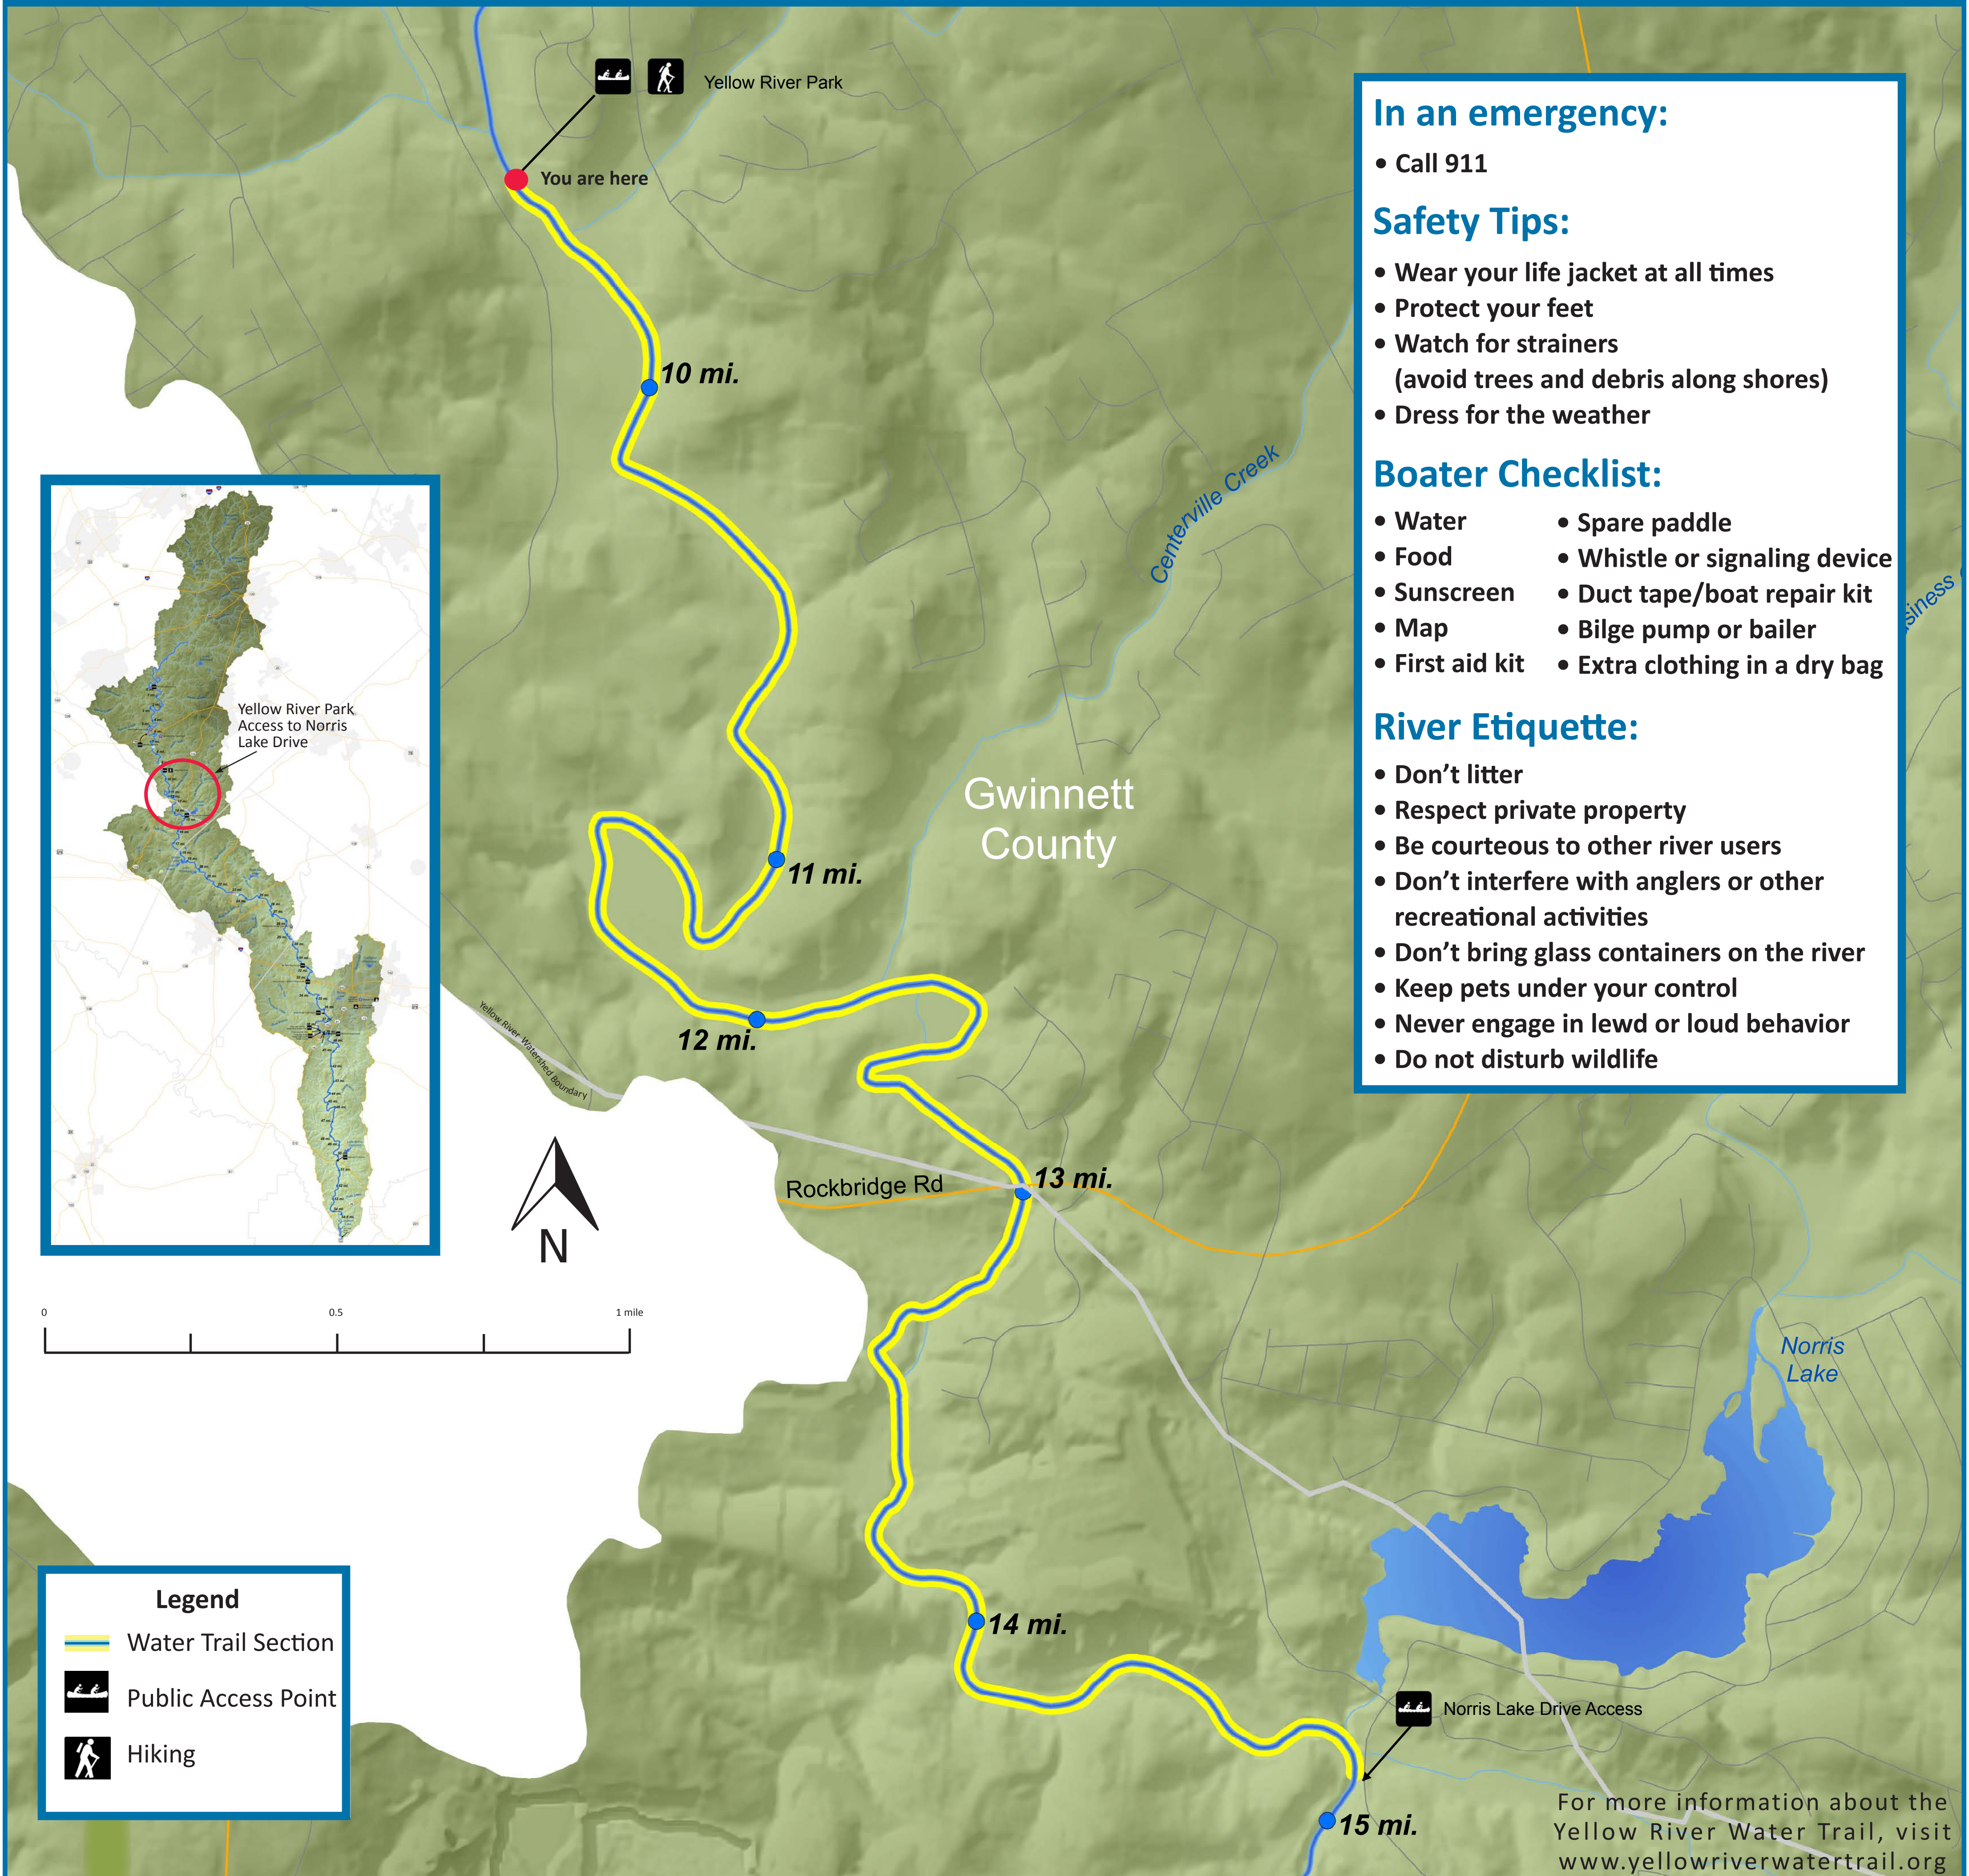

## YELLOW RIVER PARK ACCESS POINT

**Description:** The Yellow River is scenic flowing flatwater along this section. You can combine your Yellow River paddle with a family visit to Yellow River Park, which offers long wooded hiking and biking trails through the woods and along the river. This beautiful park also has pavilions for patrons to use, and is a venue for special events throughout the year. The river banks are steep throughout Yellow River Park. The scenery becomes rural with few signs of civilization and more natural forest. Keep an eye out for wildlife such as Great Egrets, Spiny Softshell Turtles, and various species of swallow that dart back and forth across the river as they catch flying insects. You may find Native American artifacts such as pottery shards and spearheads on sandbars along the way. After passing under a powerline, you'll be near the takeout at Norris Lake Drive, which runs next to the river. Take-out is at a large low flat rock below the road.

**Length:** 5.5 miles from Yellow River Park Access to Norris Lake Drive Access

**Difficulty:** Class I - Suitable for Beginners

**Paddling Time:** 2-3 hours
